

The Emergency Rental Assistance Program has been closed for new applications effective November 17, 2021. The Program has reached its funding limit. Specialists are still processing payments for those applicants that have already been approved for assistance. Any applications that are in process now will continue through to completion and will receive assistance once they are determined eligible.

We have placed a link below to another organization that provides the same services to any eligible Oklahoma resident. Community Cares Partners (CCP) is a non-profit organization that also received Treasury funding for rental and utility assistance
